

Safety & Environment Moment (S&E Moment)

Script 02 – Key Stakeholders or Institutions under the “Institutional Framework on Safety and Environment in Ghana”.

Good morning and welcome to the S&E Moment.

We begin an episode on Key Stakeholders or Institutions under the “*Institutional Framework on Safety and Environment in Ghana*”.

“*Institutional Framework*” consist of the laws, regulations, procedures, stakeholders or institutions together with their roles and responsibilities that the Government uses to manage safety and environment in Ghana. So what are these laws, regulations, procedures, systems, institutions together with their responsibilities for safety and environmental management or protection in Ghana? Please listen to the S&E Moment for the next couple of days as we discuss the key stakeholders or institutions responsible for Safety & Environmental management in Ghana.

- Always wear nose/face mask
- Wash your hands with soap under running water
- Keep the social distance of 2 meters between the next person and yourself
- Use alcohol-based hand sanitizers
- Avoid touching your face with your hands as much as possible
- Avoid shaking hands
